Lisa Humke provided a copy of a proposed bulletin board that the Art Department at the Dodgeville School District would like to display some local art created by area students on the fence by the water tower. They would not disturb the fence they would just put holes in the art work and zip tie it to the fence changing the display every once in a while. Public Works Director, Greg Lee and Mayor Novak did not think it would cause any harm to the fence and was a great social display for the students. Approval was given.

Attached is a letter of recognition from The Village of Ridgeway Marshal's Office, Michael J. Gorham on how well Chief David Bauer and the Dodgeville Police Department handled the rally on Black Lives Matter at the Courthouse.  - 1. RFQ for Engineering Service - Industrial Park Development

Greg Lee explained that the City was requesting qualifications for Engineering Services for the City of Dodgeville Industrial Park Development north of WalMart. The City will be looking at getting this area developed and possibly looking at a grant from the

Economic Development Corporation. There were 3 proposals received: Delta 3 Engineering from Platteville, Jewell Associates Engineers Inc., Spring Green and Vierbicher from Reedsburg all fairly equal. Lee favored Vierbicher and Novak favors Jewell Associates. Sersch asked Lee why he preferred Vierbicher and he stated more experience in some areas and portions of the project. Next discussed was cost but there is no cost associated yet with these proposals. Motion made by Ald. 6. New Business

1. Request for ATV Access to Dodgeville

Ashley Schwarzenstein, resident of Dodgeville came before the council in support of the creation of ATV & UTV routes within the City of Dodgeville. Specifically she would like to connect the City of Dodgeville to other existing routes in the area. Ashley believes these routes will bring in more tourism to our city and more revenue to our local businesses. She stated that businesses in other communities have benefited from similar ordinances but due to there being no routes in or out of Dodgeville participants of this hobby are unable to come into Dodgeville. Residents of Dodgeville who enjoy the trails are forced to trailer their ATV's and UTV's outside of the city boundaries to reach other developed routes in neighboring areas. She would like the City to consider opening as many streets as possible to allow residents to access routes directly from their homes without having to haul their vehicles on trailers with the exception of Hwy. 18 & State Hwy. 23. She has been in contact with the Town of Dodgeville Chairman, Curt Peterson and he would like to continue discussion of the development. Ashley provided a signed petition, route proposal and samples ordinances from other area municipalities to serve as a model for the Council to consider. Ordinances contain rules limiting speed, hours of operation, safety equipment for operators and passengers, equipment requirements such as seat belts and turn signals and more.

Mayor Novak did speak with Iowa County Highway Commissioner, Craig Hardy and he stated the only way currently to get through Dodgeville is through county roads. The townships and the city will have to work together to agree on a proposed route and present it to the Highway Commissioner for approval. Novak stated that Dodgeville is unique in the sense that we have a four lane highway on 3-sides of the City making access a little more challenging. Police Chief Bauer feels that if they are going to use the roadways they should be treated the same way as a motor vehicle. Lt. Wilhelm added that he spoke with Mineral Point Police Chief Bob Weier and he stated that the Council needed to be very deliberate in what the ordinances are but also try to do them uniform throughout the county. There was no action taken but a recommendation was given to Ashley to continue her discussion with the Town of Dodgeville. You will need Township support before the City can act. Novak would like to open a discussion with the

community and its constitutes possibly thru a survey on how they feel about an ATV & UTV route in the City.
